TEN

book 1

This book will lead your student through short vowels a,e,i,o and u. This book is designed to instill confidence in reading and solidify phonics rules for ESL/EFL students. The words and pictures were designed for children and to reflect vocabulary students should have already encountered.

- At the top of each section there are instructions for the student to be read out by the teacher.
- There are examples to guide them in the beginning.
- This book is most beneficial if the vocabulary is not new to the student.
